# BRENTWOOD BERRY GARDENS

140 S. CARMELINA AVENUE -:- LOS ANGELES 24, CALIFORNIA

## REVISED PRICES—Nov. 20, 1945

Some of the strawberries we offer are grown by a County Agricultural Agent in Tennessee, whose plants have been said to be the best to be had by Mr. I. C. Haut, Plant Pathologist, of the University of Maryland. Due to higher cost of grading and packing in order to turn out high grade plants, prices have had to be increased a little.

The grower of 20th Century strawberries has written that all the plants for the 1946 season have been sold, and no more orders can be taken.
